

The Charles Duggan

Long Island Science and Engineering Fair 2026

41st Year of Regional Affiliation
with the

Society for Science and the Public's
Regeneron International Science and Engineering Fair

Round I Competition

Virtual Judging February 2nd – 11th, 2026

Round II Competition - Finals

Thursday March 12th, 2026

Crest Hollow Country Club

Awards Ceremony

Following competition

www.LISEF.org

ISEF Fairs Event Schedule

Thursday March 12, 2026– LISEF Round 2 & Awards Ceremony

Time	Event
7:45 AM – 8:30 AM	Student set-Up & Registration
At Registration	School and Chaperone Registration Chaperones will submit to the Registration Desk in the lobby upon arrival: 1. Additional requested forms 2. A LISEF Media Release Form for each accompanying district employee who did upload one
8:30 AM – 9:00 AM	Opening Ceremony & Judges Orientation
9:00 AM – 1:30 PM	Judges 15-minute interviews
1:30 PM – 2:15 PM	Students remain at Project Boards for potential additional visits from judges
LUNCH	*Each category will be scheduled differently
2:15 PM – 2:45 PM	Awards Ceremony
2:45 PM – 3:30 PM	Grand Awards
3:30 PM – 4:00 PM	Expected Release Time

Finalists Must – Remain for brief meeting after the awards ceremony.

Thursday March 12, 2026– LISEF Junior Varsity Event Schedule

Time	Event
8:00 AM – 8:45 AM	School Registration and Project Set-Up
9:00 AM – 12:30 PM	Judges Interviews
12:30 PM – 1:15 PM	Lunch
1:15 PM – 1:45 PM	Awards Ceremony
1:45 PM – 2:00 PM	Expected Release Time

Thursday March 12, 2026 – Thermo Fisher Scientific Junior Innovators Challenge Middle School Fair & Awards Ceremony

Time	Event
8:00 AM – 8:45 AM	School Registration & Project Set-Up
8:45 AM – 11:00 AM	Judging
11:00 AM – 11:30 AM	Lunch
11:30 AM – 12:30 PM	Awards Ceremony
12:30 PM – 12:45 PM	Expected Release Time

A special Thank you to our Sponsors

LISEF would like to thank Northrop-Grumman for their continued support As a Platinum Level sponsor

LISEF would like to thank [Quadeye](#) Trading LLC As a Silver Level sponsor

Welcome!!!

Dear LISEF Participants,

Welcome to the In-Person component of our Charles Duggan 2026 Long Island Science and Engineering Fair Hybrid Fair! We congratulate you on being selected to advance from our Virtual Component. Charles Duggan brought the idea of Independent Research programs to Long Island and held the first Long Island Science Symposium over forty years ago; it was renamed the LI Science and Engineering Fair in 1990. Mr. Duggan served as the first President of LISEF, Inc. The Long Island Science and Engineering Fair (LISEF) is among the largest regional high school fairs in the country. Each year LISEF strives to identify and recognize secondary school students from public, private, and parochial schools in Nassau and Suffolk Counties, with the potential to become outstanding natural, physical and behavioral scientists, engineers, mathematicians and computer scientists. LISEF has become an extremely successful and professional event.

This year students from 62 public schools, 5 private schools, and 2 parochial schools participated in our Virtual Fair which included 407 projects and 457 students (260 females, 193 males & 4 prefer not to say). At our In-Person Round 2 we have 157 students from 44 public schools, 2 private schools, and 1 parochial school. The students (94 female & 63 male) presenting 148 projects at Round 2 are competing to become one of the 20 projects that advance from our Regional Fair to ISEF.

The LISEF Trustees elected to combine some of ISEF's 22 categories based on our project registration into 9 LISEF categories (Animal Sciences, Behavioral and Social Sciences, Biology Related, Chem Related, Environment Related, Math and Physics, Medical Related, Plant Sciences, and Technology. In our Virtual Round 1, there were a minimum of 3 rounds of judging in all categories. From the LISEF categories, 20 projects will compete at the 2026 Regeneron International Science and Engineering Fair in Phoenix, Arizona from May 10-15, 2026!

The Regeneron International Science and Engineering Fair is the world's largest pre-collegiate STEM competition. ISEF 2025 welcomed nearly 1,700 young scientists representing 48 U.S. states and more than 60 countries, regions and territories to Columbus, Ohio for a week of STEM exchange and celebration. Finalists showcase their independent research as they compete for upwards of \$9 million in prizes and scholarships. They mingle with Nobel Laureates, meet science students from countries with diverse socio-political beliefs and can showcase their talents on an international stage, where doctoral level scientists review and judge their work. ISEF also aims to make a wider impact, during their Education Outreach Day, they welcomed over 3,000 local students to Regeneron ISEF for a day of immersive STEM activities.

In 2025, the Long Island Science and Engineering Fair (LISEF) demonstrated the outstanding quality of high school research on Long Island by sending 20 projects to the International Science and Engineering Fair (ISEF). Traditionally, LISEF finalists have done an outstanding job at ISEF. While ISEF recognizes 30% of its participants with Grand Prize Awards, 70% of our projects won Grand Prize Awards.

But, back to today: Remember, you are all winners! More than anything, we want you to remember that by working on a research project you have become an expert in an aspect of science. Therefore, the judges that you will be meeting with will not be questioning you as a student but rather as a fellow scientist trying to see how your research has advanced the course of science. So, Congratulations and enjoy your LISEF experience!

Angela Lukaszewski, LISEF Fair Director

LISEF Inc. Board of Directors

Angela Lukaszewski, President, Mary Lou O'Donnell, VP & Secretary, Christopher Pollatos, Treasurer
Stephanie Forsberg, Ph.D., Trustee, Mary Hendrickson, Ph.D., Trustee, Joyce Hilgeman, Ph.D., Trustee
Heather Hall Miller, Trustee, Brian Snyder, Trustee, Nicole Spinelli, Trustee, Alexis Vandergoot, Trustee

Thank You!

LISEF, JV LISEF & LISEF Thermo Fisher Junior Innovators Challenge (JIC) Middle School Research Fair would not be possible without the tremendous effort of many people. LISEF, Inc. would like to thank all who helped, Special thanks to:

Fair Operations: 2025-2026

Ms. Angela Lukaszewski – LISEF Fair Director
Ms. Thea Gibbs – Web Manager & Co-Web Liaison
Ms. Heather Hall Miller – SRC Committee Co-Chair
Dr. Mary Hendrickson – Program & SRC Committee Co-Chair
Ms. Lisa Benincasa - SRC
Dr. Joyce Hilgeman – Judges Co-Chair & Dr. Michael Lake – Judges Co-Chair
Ms. Mary Lou O'Donnell - Special Awards
Mr. Chris Pollatos – Treasurer & Co-Web Liaison
Dr. Stephanie Forsberg, Co-JV Fair Director & Ms. Alexis Vandergoot, Co-JV Fair Director
Mr. Brian Snyder – Co-Middle School Fair Dir. & Ms. Nicole Spinelli – Co-Middle School Fair Director

Judges Recruitment Committee: 2025-2026

Dr. Joyce Hilgeman (Co-Chair), Dr. Michael Lake (Co-Chair),
Ms. Lisa Benincasa, Mr. Glen Cochrane, Ms. Michele Darienzo, Ms. Nicole Dulaney,
Dr. Mary Hendrickson, Dr. Karen Kuntz, Ms. Angela Lukaszewski Ms. Mary Lou O'Donnell,
Mr. Jaak Raudsepp, Mr. John Schineller, Ms. Nicole Spinelli,
Mr. Brian Snyder, Mr. Daniel Trieu, Ms. Alexis Vandergoot

2025-2026 IRB/SRC Review Committee:

Ms. Heather Hall Miller (Co-Chair) & Dr. Mary Hendrickson (Co-Chair)
Ms. Veronica Ade, Mr. Steve Acquaro, Ms. Andrea Beatty,
Ms. Lisa Benincasa, Dr. Terrence Bissoondial, Mr. Robert Lloyd Bolen,
Ms. Jeanette Collette, Ms. Kristen Conklin, Ms. Nicole Dulaney, Mr. Domenick Esposito,
Mr. David Friedman, Dr. Joyce Hilgeman, Ms. Mary Kroll, Ms. Angela Lukaszewski,
Ms. Rachel Neville, Ms. Mary Lou O'Donnell, Mr. Chris Pollatos, Mr. John Schineller,
Ms. Mary Simons, Mr. Brian Snyder, Ms. Nicole Spinelli, Ms. Alexis Vandergoot,
Dr. Allyson Weseley, Ms. Maria Zeitlin

A Special Thank You to the Friends of LISEF:

The Research Teachers that assist in the set up and fair operations on "Game Day"

Thank You To all our LISEF, JV & Middle School Judges!!!

Our Fairs Would Not Be Possible Without You!

An Extra Special Thank You for the Generous Award and Acknowledgement of Outstanding Projects by the Following Individual/Organization

Dr. Lawrence Green \$200.00 Annual Award in Microbiology

Dr. Subash Midha for the SAAWA Humanity in Science Annual Award of \$250.00 - The "South Asian American Woman's Alliance (SAAWA) advances student excellence in STEM with a focus on humanitarian and community impact. The Humanity in Science Award honors research that combines scientific merit with meaningful benefit to humanity.

*Our Honored Judges -
LISEF Would Not Be a Success Without You!*
